BANDITS "CAPTURE" TOWN AND ROB BANK

Gang Numbering From Ten to Fifteen Swoop Down on Heyworth, Ill., Early Today

PHONE WIRES ARE CUT

Several Prisoners are Taken and Armed Guards Patrol Street While Safe is Blown

Heyworth, Ill., Aug. 26—(U.P.)—A gang of bandits, numbering from ten to fifteen, roared into town in a high automobile early today, cut all telephone wires, took several prisoners, patrolled the streets and blew open the state bank, escaping with \$4,000 and a large quantity of negotiable securities.

The first blast of nitroglycerine brought scores of residents to their windows. A telephone operator called by the bank cashier, who heard the blast, thrust her head from the telephone office window across the street from the bank and found the wires had been cut. All were ordered "to get back and stay in."

Blast after blast rocked the town, the residents powerless as armed men patrolled the streets.

Work of Amateurs Seen

Terre Haute, Ind., Aug. 26—(U.P.)—Finding of blood stained clothing believed to have been abandoned by the robbers and the declaration of bank officials that they believed the job was the work of amateurs, were the two main developments in search for the bandits who robbed a bank messenger of \$11,000 near St. Bernice yesterday.

Frank Miller, president of the St. Bernice state bank, said he thought amateurs did the work.

The fact that their victims fired seven shots after the retreating bandits and that at least one of them punctured the bandit's ear, added to the belief of authorities that the blood soaked clothing was abandoned by the highway men after one of them had been wounded.

EDWARD GANTNER TO BE DISTRICT DEPUTY

Rushville Man Selected as Head of Tenth District Composed of Four K. of C. Councils

APPOINTMENT IS MERITED

Edward Gantner of this city has been honored by being appointed a district deputy of the Knights of Columbus by Timothy P. Galvin of Hammond, state deputy, which will place him at the head of the councils of Rushville, Connersville, Greensburg and Shelbyville, composing the tenth Indiana K. of C. district.

The appointment came as a surprise to Mr. Gantner as he was not aware of the fact that local members of the K. of C. were working in his behalf. However, this alone was not responsible for his appointment, it is stated, as Mr. Gantner has been recognized for several years past in state circles as a hard worker for K. of C. interests. He was one of the founders and enthusiastic supporters of the Gibraltar home for boys at Terre Haute, an institution supported by the K. of C. for the uplift of delinquent boys.

Mr. Gantner probably knows more members of the K. of C. in this district and knows more about their needs, than any other single member. This coupled with the fact that he is well liked and very popular throughout the district, will make him a worthy leader in the district, his friends pointed out today.

MATRICIDE SENTENCED

San Francisco, Calif., Aug. 26—Dorothy Ellington, 17-year-old matricide, today was sentenced to state prison for from one to ten years. Standing before Judge Harold Louderback, Dorothy tossed back her head and looked at the court in a saucy manner, as the words for the term prescribed by law, were pronounced.

SEARCH FOR LOOT RESUMED

All But \$6,500 Obtained by "Blue Phantom" At Dayton Recovered

Dayton, O., Aug. 26—(U.P.)—Authorities today resumed search for \$6,500 of the \$28,000 loot obtained by the "Blue Phantom", Fred C. Nickel, factory president in the robbery of the North Dayton branch of the Dayton Savings and Trust Company on August 12.

Held under \$50,000 bond pending convening of a special grand jury tomorrow, Nickel insists he obtained only \$21,500, nearly all of which was recovered in his \$40,000 home. Bank officials were as insistent that \$28,000 was obtained.

TWO SAW BARS IN THE HARTFORD CITY JAIL

One of Prisoners Believed to Have Smuggled Saws Into Jail in Shoes When Arrested

TWO REFUSE TO JOIN THEM

Hartford City, Ind., Aug. 26—Ralph Waldron of Antwerp, O., and Ernest Mullen of Hartford City, escaped from the Blackfoot county jail early today after sawing the bars of their cell.

Working stealthily with saws Waldron is believed to have smuggled into jail in his shoes at the time of his arrest, the two men cut through the bars, walked down a corridor and out the front door of the jail.

Their escape was not discovered until Sheriff Goodrich went to serve breakfast this morning.

Two other prisoners, Darle Williams and Walter Evers, refused to join in the jail delivery.

Williams said Waldron had told him of his plans to escape but that he did not hear him working during the night.

Waldron was arrested at Antwerp and brought back to Hartford City to face a charge of stealing an auto from John Feichler of Bluffton, at the Montpelier fair.

Mullen was held for wife desertion.

Authorities of northeastern Indiana were notified to hunt for the two escaped prisoners.

FUNERAL OF FORMER CARTHAGE MAN TODAY

Dr. Horace M. Gear, One of Marion's Most Prominent Citizens, Born in Rush County

TWO SISTERS AT CARTHAGE

The funeral services of Dr. Horace M. Gear, age 48 years, who died Monday afternoon at his home in Marion, from splenic anemia, were held this afternoon at three o'clock at the First Methodist church in Marion and interment was made in the Marion I. O. O. F. cemetery.

The deceased was a former resident of Carthage, Ind., having moved from there twenty-five years ago, to Marion, where he lived since that time. He had been in poor health for a year and Saturday he suffered a hemorrhage and gradually grew worse until his death Monday. On Friday evening he visited his sister, Mrs. O. C. McCarty in Carthage. He was the son of Mr. and Mrs. Henry Gear, of Carthage, both deceased.

The survivors are the widow, one brother, Earl; and three sisters, Mrs. H. E. Stager and Mrs. O. C. McCarty, both of Carthage, and Mrs. Sherman Towns of Montpelier, Ind.

Dr. Gear was a prominent member of the First M. E. church, the Masonic Lodge and the Kiwanis Club of Marion. He was one of the best known citizens of that city, and was also well known in this county. Dr. Gear was a graduate of the Ohio Dental college at Cincinnati.

Mrs. H. E. Stager, Mrs. O. C. McCarty and daughter Mary Ellen, Miss Helen Overman, Mrs. Grace Coter of Carthage and Mr. and Mrs. Allen Blackledge of this city, were among those from this county who attended the funeral today.

MORRIS DESCRIBES PROBLEM IN CHINA

Rush County Teachers' Institute Lecture Continues Discussion of World Problems

AMERICA IN GOOD FAVOR

Better Regarded in China Than Any Other Nation, Because She Has No Territorial Aims

Continuing his series of lectures on the world problems, Dr. Homer L. Morris this morning discussed the conditions in China, at the session of the annual teachers' institute, being held this week at the assembly room in the court house.

Dr. Morris declared that "China will have to be recognized as a great world power in the future, and that she will have to be treated and dealt with on the basis of Christianity."

He showed how China was handicapped today in many instances, and declared that in the past centuries wars threatened the territorial integrity of the country. This was due to the fact that European countries owned and controlled portions of the country.

The administrative control of China, by the various world powers, was a great handicap and remains so today, Dr. Morris stated. These foreign powers have placed tariff regulations to suit themselves, and have held down the Chinese. The tariff on their goods to foreign countries has not exceeded 5 percent since 1842, he said, and on goods imported, the tariff is unreasonably high on almost everything.

The Chinese are held down also in their own government, because of the foreign element which has charge of many important posts, having worked their way into the high positions, and which prevents the Chinese from obtaining positions which should rightfully be held by their own people, he declared.

The foreign elements have control of finances, big business, railroads and mines, and these are all managed by capital outside of China.

One of the most astounding things in modern ages, Dr. Morris stated, is the process of law in China, which works to the detriment of the country. The courts are controlled by various nationalities, where justice may not always be given out.

He stated that if an Englishman were charged with crime, he would be tried before an English judge, and tried after the English customs; the

LOCKWOOD NAMED PRINCIPAL HERE

Carthage School Executive Elected to High School Position and Accepts Appointment

RELEASED AT CARTHAGE

Connected With Rush County Schools for Three Years, Having Been at Arlington First

Luther A. Lockwood, principal of the Carthage school, was appointed principal of the Rushville high school Tuesday afternoon, and accepted the position, following his release from the contract with Thomas Passwater, trustee of Ripley township.

Mr. Lockwood's appointment resulted because of the vacancy made here by the resignation of Eugene B. Butler. Mr. Butler leaves here to accept a position as an assistant to the state school inspector.

The school board has considered the appointment of Mr. Lockwood for some time. He comes here highly recommended and well qualified for the position.

It is with great regret that he leaves Carthage, according to word from that place. He had signed the contract for the school and would not consider the local place, until he had been released, and in releasing him of his contract, Mr. Passwater, the trustee, said it was with great regret on the part of the people of the community, but his release was given in order to give him an opportunity to accept the advanced position.

Mr. Lockwood is no stranger in Rush county. He was principal at Arlington for one year, and went from there to Carthage, where he held the position for two years, and was preparing to enter his third year.

He began his profession in Cambridge City. During the World War, he entered service, and was in the field artillery division, but was not given the opportunity of being in active service overseas.

He obtained his A. B. degree at the Indiana State Normal, and his M. A. degree was obtained at Chicago University. Mr. Lockwood is married, and has one child, a son, five months old. They will move to this city as soon as a dwelling is obtained.

Mr. Passwater has several applicants under consideration for the position vacant at Carthage, and it will be supplied in a few days.

ARCHITECT DENIES ANY IRREGULARITIES IN WORK

Harry Weeks of Cleveland Willing to Submit Whole Memorial Plaza Dispute to Committee

CHARGES BY LAWRENCE ORR

Indianapolis, Ind., Aug. 26—(U.P.)—Denial of any irregularities in plans or specifications for the Indiana World War Memorial plaza, was made today by Harry Weeks, member of the firm of Walker and Weeks, Cleveland architects for the memorial.

Weeks said he was willing to submit the whole situation to a committee of the state board of accounts, licensed engineers and architects.

Lawrence Orr, chief examiner of the accounts board, charged irregularities on the part of the architects and urged their removal.

Weeks said his firm had no intention of resigning from the project and denied that the specifications prohibited competition bidding for the steel work.

He admitted he was interested in the Cleveland firm which was to have sold steel for the main Memorial building, but declared there was nothing unethical in his acts.

Call for a special meeting of the World War Memorial Commission to be held here Friday was being sent out today by Paul Constock, secretary of the commission.

The regular meeting of the commission is scheduled for Sept. 3.

EXPLOSION ON OKLAHOMA

Washington, Aug. 26—One man was killed and another seriously injured in a turret explosion aboard the U. S. S. Oklahoma, enroute from New Zealand to Samoa, the navy department was advised by radio today. The explosion occurred during a turret drill. No details were received.

Move Interest to Depart Following Imposition of Special Taxes

New Haven, Conn., Aug. 26—(U.P.)—Desertion of Connecticut by the movie interests, threatened when the state imposed special taxes and other regulations on films, began today.

Fifteen branch exchanges, through which most of the films are distributed in the state, began packing up their possessions preparatory to moving out of the state.

Lester S. Tobias, manager of one of the largest exchanges, said:

"After Saturday of this week Connecticut will be as free of films as Goldsmith's 'deserted village' was of people."

FORD STRIKES TREE, OCCUPANT IS HURT

Donald R. McIntosh, Local Insurance Man, Suffers Broken Collar Bone in Accident

CAR SKIDS IN GRAVEL

Donald R. McIntosh, local insurance man, is today suffering from a broken collar bone, which he sustained following an accident early this morning, near Homer, when a Ford coupe, which he was driving, struck a tree, damaging the car extensively.

Mr. McIntosh was driving to Shelbyville and the accident occurred at a small bridge, just west of Homer, where the road makes two curves. Mr. McIntosh, instead of riding the bank of the curve, drove on the ridge, and loose gravel threw his car against a tree. The tree broad-swiped the car, breaking all the glass on the left side of it, next to Mr. McIntosh and it was held remarkably this morning that he did not suffer even a scratch.

The top on the left side was torn and the running board was bent. It is thought that the force of the impact threw Mr. McIntosh against the side of the car, breaking his left collar bone.

The victim came to this city and the bone was put in a cast immediately.

EXPLAINS NEW PLAN FOR ATHLETIC ASSOCIATION

H. B. Allman, Rushville Superintendent, Speaks to Township Principals and Physical Directors

CREATES NEW ORGANIZATION

H. B. Allman, city school superintendent, addressed the high school principals and physical training teachers in a conference on the third floor of the court house this morning. A. L. Trester, secretary of the Indiana High School Athletic association, was expected to be here, but did not arrive, and his place was taken by Supt. Allman.

He outlined a plan which will be voted upon soon by all schools that are members of the state association. Under the proposed new plan, a legislative body of 15 school principals will be organized to legislate on matters affecting the association. Heretofore the association as a whole has had full control over, the association's policies and the body was so large it became unwieldy.

The board of control is composed of 5 school heads elected from the five districts or divisions of the state. The new body will consist of three school principals from each of the five districts. This will give a board of 20 school men to govern over the affairs of the athletic association, and a vote on the proposed change will be taken soon.

Each school belonging to the association will have a vote in determining whether the legislative shall be created and given the power proposed. If the new organization is created, the man receiving the highest number of votes in each district will be elected for the three years, the second highest two years and the lowest of the three, one year. Then one new member from each district will be elected for a term of three years, each year.

Washington Township Boy Wins Hog Calling Contest—Club Leaders are Introduced

The Rush county boys' and girls' club roundup closed late Tuesday afternoon when several hundred youngsters left Memorial Park thoroughly satisfied with the outing, which had been chock full of something to do.

The reading by Barton Rees Pogue of his "Songs of the Soil" was the outstanding event of the afternoon program and children and older people alike were moved to laughter and to sadness as the simple poems about every-day people were recited.

Other features of the afternoon

program were the awarding of the prizes in the three contests, introduction of township club leaders and Rush County Farm Bureau officers, an address of welcome by Donald D. Ball, former county agent, and several vocal selections by Miss Alice Piersol, county supervisor of music in the schools.

Howard Laughlin of Washington township was awarded the hog calling prize in the potato peeling contest and the horseshoe contest having been placed in the morning.

The townships held elimination events in the hog calling contest during the morning and each township settled on its entrant for the county contest. After each township contestant was heard by the judges, the competition was narrowed down to the entrants from Jackson, Orange, Washington and Union townships, and they were called back to

TWO COMPLAINTS ON FILE IN CIRCUIT COURT

Tressa M. Hatfield Files Suit for Divorce From James R. Hatfield, 1027 N. Arthur St.

SECOND ONE PARTITION SUIT

Two law suits were filed today in the circuit court, one being a complaint for divorce, and the other a petition for partition of real estate.

In the complaint for divorce, Tressa M. Hatfield is plaintiff against James R. Hatfield, defendant. The couple resides at 1027 North Arthur street, according to the action. They were married July 20, 1923, and separated August 25 of this year.

She charges her husband with having a vile and uncontrollable temper, and that he frequently "flew into a rage." He also is charged with having struck her, which left bruises on her body.

In the petition for partition of real estate Emma J. Tweedy is plaintiff and Frank C. Gray and Jesse G. Gray are defendants. The action is to seek the sale of land in Jackson township, as involved in the estate of James and Poffie Gray, and which cannot be divided into equal portions.

TO CLEAR UP OLD QUESTIONS

Germany Invited to Start Negotiations on Security Pact

Paris, Aug. 26.—Germany has been invited to start verbal negotiations toward clearing up unsettled questions in the proposed allied Germany security pact.

When France's answer to Germany's last security note was handed to Foreign Minister Stresemann in Berlin, French Ambassador De-margerie invited the German government to send a legal adviser to London to confer with similar representatives of Great Britain, France and Belgium.

They would then report to their foreign ministers. The idea of American trusteeship in connection with the pact as originally planned, has been abandoned due to unfavorable reception in Washington.

JOHNSON FINED

Henry Johnson, colored, pleaded guilty this afternoon in police court before Mayor Thomas on a charge of assault and battery, and paid a fine of \$1 and costs. The charge was preferred by Ray Williams, and followed an encounter of last Saturday night.

Alexandria—Police said five boys, ranging from 10 to 14, had lots of brass. The boys took it from the Alexandria Metal Produce Company, the officers charge.

BUS COMPANIES MUST HAVE FINANCIAL RATING

Permits Will be Issued Only to Those Firms That Have Money to Buy Their Equipment

COMMISSION WILL ACT

Indianapolis, Ind., Aug. 26.—"Shoestring" financing of bus lines will not be tolerated by the state public service commission, Clyde Jones, commission member, indicated today.

Jones said any company seeking a certificate for operating busses must be backed by adequate financial resources to purchase its equipment. He pointed out that the commission has no legal authority to permit use of the income from fare for purchase of original equipment.

Such procedure, he said, would make the public pay a reasonable return on the capital and at the same time pay for the capital itself.

The attitude of the commission was outlined by Jones during hearing of the petition of the People's Motor Coach company for a certificate to operate in Indianapolis. If a company can pay for its original equipment and at the same time pay dividends on its capital stock out of earnings from fares, the conclusion must be that rates are far too high, Jones said.

LOCALS

Church Moved to Rear of Lot

The Primitive Baptist church, Sixth and Morgan streets, was moved Tuesday to the rear of the lot, facing in Sixth street. The site formerly occupied by the church, was purchased recently by Mrs. Alie Aldridge, who will erect a cottage in the near future.

Music at Union Service

Special music being planned for the closing union church services next Sunday night at the coliseum in Memorial park, was announced today by O. P. Wamsley, in charge of the combined church music. Three will be a piano solo by Mary Heat-on, and numbers by the Boosters male quartet, Omer Trusler, O. R. Zimmer, A. M. Taylor, and O. P. Wamsley, together with special numbers by the choir.

Local Man's Brother Improves

Joe Hunter of near Newcastle, brother of Lewis Hunter of this city, who received 33,000 volts of electricity Sunday afternoon, showed improvement today, and is expected to recover. It was stated that the burns on his back and foot are healing. He suffered severely from the fall of 25 feet from the tree. He had climbed the tree to get a squirrel which he had shot, and accidentally stepped on a high tension electric line.

Revival to Open at Plum Creek

A series of revival meetings will open at Plum Creek Christian church next Monday night and the sermons will be preached by the regular pastor, the Rev. C. A. Sanders. The services will begin each evening at 7:30 o'clock and will continue at least until Sunday, Sept. 3, if not longer.

Neighborhood churches have been invited to participate and on next Thursday evening a delegation from Center church will be present.

Pleasant Ridge Home-Coming

Members of the Pleasant Ridge M. E. church will have home-coming at the church in Walker township Sunday and a splendid program is being arranged. It will be an all day meeting with services in the morning, basket dinner at the noon hour, a program in the afternoon and services at night. There will be special musical numbers and special speakers at the services. All former members and pastors of the church are urged to attend this all day meeting. The pastor of the church is the Rev. Mr. Godwin.

Improvements at The Park

A series of electric lights have been placed in the upper part of Memorial park, extending from the band stand to the log cabin. The lights were turned on for the first time Tuesday night, and attracted much attention. Even a light was installed in the cabin to illuminate it. The band stand is wired with a number of lights to be used in case of a night band concert.

A new log foot bridge, artistic in design, was built this week, across Hodges branch at a point on a direct line from the boulevard to the log cabin. The material for the bridge was furnished by A. L. Stewart, who aided in its construction.

LEGION VISITORS LEAVE FORT WAYNE FOR HOMES

Officials Describe State Convention as Most Harmonious Gathering Ever Held

NEW OFFICERS SELECTED

Fort Wayne, Ind., Aug. 26.—The last of the American Legion visitors were departing for home today after the close of the seventh annual convention of the Indiana department.

Legion officials described the convention as the most successful and harmonious gathering of the former service men ever held in the state.

Clarence Jackson, of Newcastle, was elected state commander and Bowman Elder, Indianapolis, was named national executive committee man from Indiana.

Prospects for a hot fight over the two offices vanished as the convention went into its final session and both selections were by acclamation.

The other officers named were: Clay Phillips, Terre Haute, first vice commander; Rev. Cassius Hunt, Indianapolis Harbor, second vice commander; Robert Haggert, Indianapolis, state finance officer; Rev. Fred Hill, Milford, chaplain; Harry Muller, Fort Wayne, judge advocate; James Briscoe, sergeant at arms; Robert Bushee, Wells county, athletic officer; Ray Dickman, Evansville, historian; F. A. Heniselo, Tell City, Americanism officer.

Marion was chosen for the 1926 convention.

BIBLE THOUGHT

—FOR TODAY—

Bible thought should be a part of every day's life.

Fruit of the Spirit:—The

fruit of the Spirit is love, joy,

peace, long-suffering, kindness,

goodness, faithfulness, meek-

ness, temperance; against such

there is no law.

Prayer:—Almighty God, we

pray Thee to write upon our

hearts the great lesson of Love

set forth by Thy Son in His

death upon the Cross, and

grant that we, being awakened

by this amazing pledge of grace,

may give ourselves up wholly

to Thee, to live to Thy glory

and in service of our fellow men,

through Christ our Lord. Amen.

The Club Roundup

Several hundred Rush county

boys and girls had a very happy

day at Memorial Park here, Tuesday,

and their parents sat back and

looked on with admiration while

the young folks held the center of the

stage.

It was a get-together for all of

the rural boys and girls who have

taken an interest in club work and

have demonstrated their desire to

excel in some line of farm activi-

ty.

No plan ever devised gives more

promise of fruitful results than the

farm club work among boys and

girls. The encouragement given it by

the parents of boys and girls in

their teens, by farm leaders and the

business men of Rushville, clearly

shows that its value is appreciated.

Those who feel some concern

for the young generation should be most

wholeheartedly behind this move-

ment, which keeps idle hands and

idle minds busy during vacation and

therefore leaves little or no time for

mischief.

Parents of boys and girls living

in Rushville and other towns of the

county, if they have the proper out-

look for their children's future, will

deeply regret that there is not some

similar movement for them.

About the only thing left for boys

and girls not living on the farm,

during vacation, is to waste their

time and accomplish nothing. A few

work, but a very small percent have

an opportunity to follow some well-

defined activity by means of which

they learn something of value.

Most boys have an opportunity to

go to a camp, but that is a recreation

and is of short duration. There is

not even that advantage for girls,

although a few Rushville girls this

summer were given a chance to do

domestic science club work.

There is always the home work,

of course, with which the girls can

be occupied a part of the time, and

some chores for the boys, but nothing

practical to engage their interest.

The boys and girls' club work has

great possibilities and surely those

who are its moving spirit will not

permit it to lag.

It Suits Us

Motorists of the midwest states

have every reason to be thankful

for competition, because it is bring-

ing down gasoline prices, which by

unanimous consent, automobile owners

believe were too high.

Officials of oil companies say

that part of the competition is com-

ing from "bootleggers of gasoline,"

and that the price cut war is for the

purpose of eliminating the "gas

outlaw."

Whatever may be the reason,

those who burn the gasoline for

business and pleasure purposes, are

heartily glad that prices are get-

ting back within reasonable bounds.

Whenever gasoline prices get ab-

normally high, the big companies

can not make reductions without

some excuse, and that excuse is

generally to eliminate competition.

If the smaller companies can pro-

duce gasoline at a profit, there is

every reason to believe that the

large corporations can make a much

larger profit because of the utiliza-

tion of the by-products.

It would be a hard task to con-

vince the average man behind a

steering wheel that there is not some

sort of hoens-pous about the gaso-

line and oil industry.

WASHINGTON.—The amount

of bunk that has come out of

Swampscott about President

Coolidge this summer is something

old Washington correspondents

say they never saw equalled about

any previous president in all

their combined recollections.

There's been more real news about

previous presidents—oh, plenty

more—but never so much pure

guff, in the same length of time.

THE "presidential spokesman"

has been a great help to the

Swampscott correspondents all

summer. Almost everybody knows

about the "presidential spokes-

man." He was born of the fact

that the president mustn't be

quoted in the newspapers. That's

a tradition—a silly one, too. Nev-

ertheless it exists. So, when the

president says anything the pa-

pers want to print, which is every-

thing he does say, inasmuch as the

press has to have some kind of an

authority for it, the correspond-

ents get to putting it into the

mouth of a "presidential spokes-

man."

IN due season the public got onto

this—comprehended that the

"presidential spokesman" in

reality was the president himself

talking. Consequently the "spokes-

man's" utterances soon began to

be accepted as coming right from

the fountain head—what he was

quoted as saying carried heaps of

weight.

THEN one day one of the cor-

respondents—nobody knows

just who started it—thought

up a yarn all by himself that he

was anxious to put across with

all the "presidential spokesman's"

authority. Well, why shouldn't

he? he cogitated. "Presidential

spokesman" was a vague term,

after all—like a "prominent mem-

ber of the lower house," a "lead-

ing senator," or a "well known

statesman." Lots of politicians

consider themselves "presidential

spokesmen." So the correspon-

dent attributed this figment of his

own imagination to a "presidential

spokesman," and lo and behold! it

worked! Now all the correspon-

dents do the same thing more or

less—though of course nobody ad-

mits it.

WELL, the "presidential

spokesman" has been work-

ing overtime at Swampscott.

They say the president himself

doesn't like it—that he's bawled

the correspondents out on account

of a lot of the things they were

wishing onto him. But there isn't

much he can do about it. Sup-

pose he denies some story concern-

ing him. The correspondents are

sorry they were misinformed but

they got it from a "presidential

spokesman," at least that's what

he said he was. The "spokes-

man's" pants are too intangible to

be kicked, so they get away

with it.

PIRATES DROP TO BOSTON

Leaders Only Five Games Ahead of
Giants, if That Means Anything
This Late in Season

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, Aug. 26—The first game of the "second place" battle between the New York Giants and Cincinnati Reds seemed to indicate to baseball fandom that the McGraw men can get along better without the Pirates than with them.

For the Giants, in putting up an unusual degree of fighting spirit humbled the Ohioans, 7 to 6 while the Pirates were dropping a close one to Boston, 1 to 2.

This puts the Pirates only five games ahead of the Giants if that means anything. The Giants in turn are 3½ games in front of the Reds and yesterday's encounter only served to establish the existing order of the three teams as the probable way in which they will wind up the season.

Ross Young of the Giants and Pete Donohue, pitcher for the Reds, clashed when Young accused Donohue of throwing the balls a little too close to the head.

Donohue took affront at this suggestion and when the dust had cleared from the resultant melee both Young and Donohue found themselves two acres removed from the scene of battle.

Since Young only recently has begun to hit after a long layoff his absence from the lot, will not improve

WANT ADS BRING RESULTS

Rockne Tells How

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, Aug. 26—Katie Rockne, Notre Dame's great football coach and one of the keenest students of the game gives a fine idea of what a football player is and what the game means in his new book, "Coaching" (Doubleday).

"To be a good football player," he says in the introduction, "a man must have brains, 'guts,' speed, self-restraint, motor co-ordination, fire of nervous energy, and to a lesser degree, physique and an unselfish point of view of sacrifice for the team. A successful coach must have personality, enthusiasm, technical knowledge, sense of fair play, sympathy for the players, and yet he must be a strict disciplinarian. A coach must thoroughly adapt himself to surrounding conditions. Competition, environment and types of men vary in different localities and in different schools 100 per cent.

A football coach should absolutely insist upon sportsmanship and fair play not only from his opponents but from his own players and from himself. Sportsmanship means fair play. It means having a little respect for the other fellow's point of view. It means a real application of the Golden Rule. In contests like track athletics, tennis, golf, swimming, etc., where the competition doesn't involve so much mental stress and strain, sportsmanship has reached a very fine level. It is more difficult for a football coach to get the proper point of view. This is due to the fact that the very fierceness of the contest produces emotional clouds, making it difficult for judgment and fair play to pierce this dense fog of emotionalism. However, fair play must dominate in all our sports. I don't believe, a great deal in preaching. I believe that one leading coach practicing sportsmanship does more good than fifty coaches merely preaching it.

"I believe that when a team has won, the winning coach should be as generous as possible in his comments on the losing team and the losing coach. Bragging and gloating have no place in circles of erudition. I believe that when a team loses, the losing coach should give full credit to the other team regardless of conditions. I believe that an alibi is entirely out of order. That coach should however, inform his own team that the next time they play that same team they must bend every effort to reverse the decision. I don't like the fellow who loses too easily, but you can lose like a gentleman and at the same time say to yourself that the next time you meet, you intend to give them a good wallop. The fellow who is a poor loser with alibis, and who gives the other team no credit is like a little spoiled egotistical boy who has not grown up.

"I believe that when officials have

been agreed upon for a contest that they should not be intimidated or abused. Their selection should be based upon mutual approval. I don't believe that a big school or a big association has any right to take any unfair advantage of the smaller institutions by insisting upon the right to name officials. Athletic contests are based upon mutual respect and confidence.

"The feeling between the student bodies should be one of exhilaration and the coaches must do all in their power to eliminate that most base of emotions, hatred. Hatred has never built anything but has always been destructive. Fair play and sportsmanship if practiced will go a long way toward developing a finer type of citizenship throughout the country. As football should develop in the young man initiative, resourcefulness and the ability to think for himself, I think that the practice of the coach signalling from the sidelines is abominable. It cheats the boys and ruins confidence in their self-reliance. Football is largely a contest of wits and teams who have played the game properly get a lot of benefit mentally as well as physically.

Tipton—Nineteen members of the Good Will Threshing Company, with their families, held their annual meeting at the home of George Watson, near here. In ten days work this summer, the Good Will outfit threshed more than 25,000 bushels of grain.

KEEPING ONE EYE ON THE SCOREBOARD

Yesterday's Hero—Leslie Mann, right fielder for the Braves, whose two hits figured largely in defeating the Pirates, 2 to 1.

The tottering Yankees surprised the White Sox and themselves by a burst of hitting strength which gave them a 7 to 4 victory.

The Browns scored early and trounced the Senators 8-2.

In a game reeking with hits—34 in all—the Cubs walloped the Phillies 19 to 10.

The Tigers punished the ball for 9 runs in the first inning and blasted the Red Sox 14 to 4.

A timely single by Frankie Frisch gave the Giants a 7 to 6 victory over the Reds.

The Robins advanced toward the first division with a 5-4 triumph over the Cardinals.

A triple play aided the Cleveland Indians in taking a 4 to 3 game from the Athletics.

CLUB GIRLS, BOYS HAVE BIG DAY HERE

Continued from Page One
give another demonstration of lung power in calling the hogs at feeding time.

The potato peeling contest went to Olive Nebold of Union township and the horse shoe pitching contest was won by the Posey township team, Harold and Graydon McFatridge.

When the program was over and it was announced that the Rushville Boosters club still had five gallons of ice cream that had not been consumed, the boys and girls gave visible demonstration of their appreciation by eating it. Ten gallons was supplied at noon by the club for the pitch-in dinner.

In introducing the club leaders, Herschel VanMatre, county agent, called attention to the valuable work they were doing among the club boys and girls in directing their surplus energy along practical lines.

Mr. VanMatre said that, for the benefit of the people who think the present young generation is not what it should be, he wished to praise the conduct of the boys and girls in the tri-county club camp at Walnut Grove, Shelby county, last week. Mr. VanMatre declared that the camp was conducted without any problems of discipline arising and that the young people showed themselves to be capable of governing themselves.

The readings by Prof. Pogue were especially interesting to a Rush county audience because his "Songs of the Soil" appear regularly in the Indiana Farmer's Guide, which is widely read in Rush county, the farm paper having a subscription list of 1,335 in this county.

Tipton—William Cook, "cooked" many, police here charge. A \$50.00 reward has been posted for his arrest. He formerly was an auto and tractor salesman, and is alleged to have left behind a trail of bad checks.

CITY OFFICIALS TO MEET AT GARY

Indiana Municipal League Will Hold Meetings on Lake Michigan Beginning Today

NOTABLES ON PROGRAM

Sen. Watson, Gov. Jackson, Richard Linder and Mayor Dever of Chicago, Will Give Talks

Gary, Ind., Aug. 26.—Elaborate preparations are being made for the convention of the Indiana Municipal League opening here today when the city of Gary will play host to more than 500 officials from the Hoosier state's cities and towns.

It will be the first convention of its kind ever held in Gary and city officials and members of all business and civic organizations have joined hands to do the entertaining. Banquets, boating, luncheons, sight-seeing trips, pageants, fireworks, music, treks through the dunes and plunges in the lake are some of the things they are promising visitors.

Addresses will be made during the three day convention session by Gov. Ed Jackson, United States Senator James E. Watson, Richard Linder, director of the state department of conservation, Mayor William Dever of Chicago, and President E. J. Burlington of Illinois Steel company.

Delegates were to be registered this afternoon and regular business sessions will not begin in earnest until Friday morning, although a short meeting is scheduled for Thursday.

The remainder of the time the delegates, representing several scores of Indiana municipalities, will be feted by the city. Wednesday evening luncheon dinner will be served in the \$250,000 lake front pavilion, to be followed by a band concert.

Thursday's program calls for a plunge in the lake, a social session, a luncheon tendered by the Rotary and Lions clubs, a trip through the giant Gary steel mills, a banquet given by the city of Gary, and a historical pageant. In addition to two business sessions Friday will be a luncheon, given by the Kiwanis, Optometrist and A. B. C. clubs, and a motor tour of Gary.

All convention sessions will be held in the lake front pavilion in the city's \$2,500,000 lakeside park. Meetings will be presided over by Mayor C. B. Davis, of Terre Haute, president of the league. Mrs. Bessie B. Ross, Gary city clerk, is secretary.

DI-JO WILL HELP THE STOMACH

Di-Jo will aid your stomach in digesting food. It isn't any cure-all but just a happy combination of old-fashioned doctors' medicine that does the business. It is just for your stomach and for nothing else. It is an aid to digestion and mighty good one. It is taken with warm water, if convenient, and if not, without it. But warm water itself, as you'll remember, is an old-fashioned remedy that our grandmothers used to recommend, and Di-Jo is right in the same category. It is so old most people have forgotten it and the young folks today probably never even heard that warm water is a help to a weakened stomach. Take the two in combination, Di-Jo and warm water, and your stomach can't help but feel better, act better, digest your food better, and bring you back to normal. Ask your druggist for Di-Jo.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

MOVIE NOTES

Many Thrilling Scenes

Bobbing a bank, attempting suicide, diving off a steep cliff into turbulent waters far below, writing a book and undergoing an entire recreation are some of transitory states Kenneth Harlan, well known screen star, had to experience as Brian Kent during the translation to the screen of Harold Bell Wright's popular novel, "The Re-Creation of Brian Kent." This translation was effected under Wright's personal supervision by Principal Pictures Corporation of which Sol Lesser is president. The role is undoubtedly the most colorful Harlan has ever essayed.

These thrilling scenes are among many which are so realistically presented in the picturization of what many consider Harold Bell Wright's greatest novel now showing at the Princess theatre.

Splendid Cast in Show

"She Wolves," the William Fox screen version of the stage play, "The Man in Evening Clothes," which opened yesterday at the Castle theatre, reverses the popular theory of motion picture plots. In this romantic drama of Paris night life it is the man who sacrifices for the selfish woman. But the woman finally proves herself a thoroughbred.

With a splendid cast headed by Alma Rubens, this picture offers a fine evening's entertainment. It has an unusual story that gives Miss Rubens an opportunity to play the austere lady, who later rises to great emotional heights. Miss Rubens does some of the best work of her career in this picture.

The handsome Jack Mulhall admirably fits the part of Lucien D'Artois, Miss Rubens' husband. Excellent use is made of his comedy openings by Harry Myers, who starred in "A Connecticut Yankee in King Arthur's Court."

In the role of Celeste, a demimonde of Montmartre, who heads the pack of "She Wolves," Diana Miller employs her luminous eyes effectively. Judge King is bewitching as Fox Trot, a girl of the cafes.

Spent Fortune in Search

"I spent \$1,800 in 7 years treating with physicians, some specialists costing me \$10 a visit, only to at last say that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pains in my stomach, but after taking a few doses of Mayr's Wonderful Remedy these all disappeared and for 3 years am feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. —Advertisement

Guaranteed Relief from HAY FEVER and ASTHMA

is now available to the general public through the prescription which has cured so many patients, who have sent to Dr. W. I. Fugate for the remedy which he has been dispensing for a number of years. A number of patients who took Dr. Fugate's Asthma and Hay Fever Remedy several years ago have not had a single hay fever or asthma symptom since. Among these are a number of

**Prominent Indianapolis
People who tell us they are
CURED**

I have never been able to stay in Indianapolis through the hay fever season since I was twelve years old. Four years ago I bought a bottle of your medicine. Since the end of that season I haven't had a touch of either asthma or hay fever. I have not taken any of your medicine since the first year. I want to thank you for selling me that bottle four years ago.

Signed, A. R. COFFIN,
Special Indianapolis Representative
The Mutual Life Ins. Co., of N. Y.

I suffered with asthma for over twenty years and it was growing worse each year. Three years ago I heard of Dr. Fugate's Asthma and Hay Fever Remedy, and purchased same. I had only a day or two of asthma after that.
